MINUTES
OSKALOOSA AIRPORT COMMISSION
March 4, 2013

Meeting of the Oskaloosa Airport Commission was called to order at 4:35 p.m. on Monday, March 4, 2013.

1. ROLL CALL: Roll was taken with the following present: Steve Brown, Kraig Van Hulzen, James Johnson, Larry Lewis, Jerry Strunk [Midwest Aviation] and Brad Uitermarkt [Garden & Associates].

2. APPROVAL OF THE MINUTES: Moved by James Johnson and seconded by Larry Lewis to approve the minutes of the February 4, 2013 meeting. Motion carried.

3. FINANCIAL REPORT: Moved by Larry Lewis and seconded by Kraig Van Hulzen to approve the financial report. Motion carried.

4. REVIEW AND APPROVE BILLS: Moved by James Johnson and seconded by Kraig Van Hulzen to pay bills totaling $12,538.90. Motion carried.

5. MANAGER'S REPORT: See attached.

6. OLD BUSINESS:
   a) Hangar doors/storm damage: Reed Overhead Doors has not been back to finish the work due to the winter weather.
   b) Fixed Base Operator: No action at this time.
   c) 2013 drainage project: Brad Uitermarkt of Garden & Associates Ltd gave an update on the project. It is not clear when funding will be available, and the FAA is recommending that bids be held until after July 1st. Per Brad's recommendation, the Commission decided to wait until the April meeting the decide when to advertise for bids and schedule a public hearing.
   d) Renewal of FCC license for NDB: The paperwork has been submitted to the FCC, but no response has been received.
   e) WSI contract: Bill Covert has upgraded the software so the new system is operational.
   f) Water cooler/ice machine: Jerry Strunk was able to find someone to repair the existing ice machine. The problem did not involve the compressor.
   g) Protection of LP tanks: Allied Gas has moved one of the tanks further from the driveway. Jerry Strunk has contacted Ideal Ready Mix. They will be able to install concrete barriers in the spring once the ground hardens.

7. NEW BUSINESS:
   a) New meter for 100LL fuel pump: Midwest Liquid Systems can install a new meter for $2,985.00. James Johnson asked if the new meter would be compatible with a self service pump if it was decided to install such a pump in the future. James moved to purchase the meter for $2,985.00 and to authorize Jerry Strunk to spend up to an additional $1,000.00 for a meter that would be compatible with a self service system. Kraig Van Hulzen seconded. Motion carried.
   b) Door on maintenance hangar: The west door has failed again. Repairs have been made, but it will probably continue to fail and may constitute a safety hazard. Jerry Strunk has obtained two bids for replacing the door. Reed Overhead Doors bid $49,735 plus $3,685 for removing the old door. Dan's Overhead Doors bid $39,950 plus $2,500 for equipment rental. There appear to be discrepancies when comparing the two bids. Jerry will get back to them and make sure each company is bidding on exactly the same thing. It was also noted that a project of this size is not included in the current fiscal year budget.
   c) FY2014 state airport funding application: This was tabled until the April meeting.
   d) Renewal of farm lease: The current farm lease expires at the end of this year. The length of the new lease is in question due to the fact that the airport may be closed and the farm ground sold in the next few years to make way for the proposed regional airport. Steve Brown and Kraig Van Hulzen will discuss this with City Manager Michael Schrock.
   e) April meeting date: The date of April 1st was acceptable to everyone.

8. ADJOURN: It was moved by Kraig Van Hulzen to adjourn at 5:30 p.m. Motion was seconded by Larry Lewis. Motion carried.

CITY COUNCIL COMMUNICATION

MEETING DATE: April 1, 2013

REQUESTED BY: Public Works Department, Engineering Division

ITEM TITLE: PUBLIC HEARINGS

Consider a resolution approving award of contract for base bid and alternate bid for South 7th Street (A Avenue to 6th Avenue) Pavement Rehabilitation Project to Norris Asphalt Paving Co. in an amount not to exceed $394,522.50; and authorize the City Manager to utilize an additional ten percent ($39,500.00) for project contingency. **(PUBLIC HEARING)**

EXPLANATION:

The South 7th Street Pavement Rehabilitation Project was advertised with a base bid for pavement improvements on South 7th Street from A Avenue to 6th Avenue and an alternate bid for a 70 foot on-street parking bay to accommodate three cars in front of Bates Funeral Chapel on South 7th Street. The scope of this project includes asphalt overlay, new concrete curb & gutter sections, new ADA accessible sidewalk ramp reconstruction, new on-street parking bays, sidewalk and driveway pavement replacement, and alley approach improvements.

Bids were received and publicly read on March 25, 2013. There was only one bid from Norris Asphalt Paving Co., which included a base bid of $383,240.00 with an Alternate bid of $11,282.50 for a total bid of $394,522.50. The bid received is within our budget estimates. The Oskaloosa School District and Bates Funeral Chapel will reimburse expenses associated with the construction of the on-street parking bays. Oskaloosa Community School District is estimated to reimburse the city up to $31,562.

Adopting Staff's recommendations will authorize staff to utilize 10% of the contract amount ($39,500.00) as construction contingency for unforeseen circumstances. The contractor will need to submit a change order for City Council approval if they exceed the contract price of $394,522.50.

BUDGET CONSIDERATION:
The project is specifically budgeted in the FY 2013 Budget in the amount of $400,000. Funding for the project will come from Local Option Sales Tax and Franchise Fees.

RECOMMENDED ACTION:
Approve the resolution awarding the project to Norris Asphalt Paving Co.

Staff recommends that the bid be awarded for the Total Base Bid Price plus the Alternate Bid Price for a total amount of $394,522.50 and authorize a total construction contingency budget of $39,500.00 for this project to be administered by the Public Works Director under the supervision of the City Manager.

ATTACHMENTS:
Resolution, Bid Tabulation, Letter of recommendation, Notice of Award and Bid Documents.

CITY COUNCIL COMMUNICATION

MEETING DATE: April 1, 2013

REQUESTED BY: Planning & Zoning Commission

ITEM TITLE: PUBLIC HEARINGS

Consider an ordinance to vacate and sell 57'X16.5' of the north-south public alley adjacent to 1221 South 2nd Street - 1st reading. **(PUBLIC HEARING)**

EXPLANATION:

James and Vicki Perkins, owners of 1221 South 2nd Street, have requested that the portion of the north-south alley adjacent to their property be vacated. The owner intends to expand their garage and still retain the same size of the back yard. This alley contains Century Link utility infrastructure. If the alley is vacated then easement rights will need to be retained for access to the above-mentioned utility.

The city conducted a survey of households with direct access to the north-south alley. Among the residents that responded (3 total), 67% did not want the alley vacated, and 33% (James and Vicki Perkins) did want the alley vacated. Those who did not want the alley vacated commented that there is public use of the alley on a regular basis. However, if this section of the alley is vacated, property owners will still have access to the alley from the north.

The Planning & Zoning Commission considered this item at their March 11, 2013 meeting and recommended by a vote of 5 to 0 that the City Council deny the alley vacate request. The request was denied because the property owner cannot expand their garage into the alley due to existing utility infrastructure and the public use of the alley.

RECOMMENDED ACTION:
Staff recommends denying this request for vacation and sale of 57' X 16.5' of the north-south public alley adjacent to 1221 South 2nd Street.

BUDGET CONSIDERATION: $100.00 as application fees and if the alley vacate is approved then there is a revenue of $470.25 (57'X16.5'X$0.50/Sq.Ft.) to the General Fund as outlined on a price per square foot amount in the Oskaloosa Municipal Code.

Dear Mr. Pal,

Regarding the proposal to vacate a portion of the north-south alley adjacent to 1221 South Second Street: we do not want the alley vacated for the following reasons.

We use the alley on a regular basis during the spring, summer, and fall. We have a garage with an overhead door and a brick driveway with access only from the alley. We park a small utility trailer on the driveway. In the past we have parked a small camper trailer on the driveway and we plan to do this again sometime in the future. If one end of the alley is closed, access to the garage and trailers would be much more difficult. With both ends of the alley open, one can drive down the alley, connect a trailer, and then continue to the other end of the alley without the necessity of turning around in a very small space or attempting to back the trailer for a significant distance down the alley.

Thank you for considering our position on this matter.

CITY COUNCIL COMMUNICATION

MEETING DATE: April 1, 2013

REQUESTED BY: Amy Miller,
City Clerk

ITEM TITLE:

Consider a resolution establishing 2012-2013 and 2013-2014 salary schedules for wastewater employees.

EXPLANATION:

City Council is required to establish the salary for all employees. Union employee salaries are approved through their respective collective bargaining agreements (CBA). Nonunion employee salaries are set by resolution of City Council. On January 16, 2013 the employees in the wastewater department were officially recently excluded from the PPME Mixed Unit CBA. Due to this change the wastewater employee salaries need to be added to the nonunion compensation schedule and approved by resolution. The salaries on the 2012-2013 salary schedule are the same salaries that were included within the PPME CBA. A 2% increase is included on the 2013-2014 salary schedule to match other employee salary increases for the fiscal year.

Staff recommends approval.

BUDGET CONSIDERATION:

The compensation outlined in the attached salary schedule is specifically included in the Council-approved FY 2013 and FY 2014 budgets.

SURETY BOND NO. 0872702

PERFORMANCE, PAYMENT AND MAINTENANCE BOND

KNOW ALL BY THESE PRESENTS:

That we, TK Concrete, Inc., as Principal (hereinafter the "Contractor" or "Principal" and WEST BEND MUTUAL INSURANCE COMPANY, as Surety are held and firmly bound unto the City of Oskaloosa, Iowa, as Obligee (hereinafter referred to as "the Jurisdiction"), and to all persons who may be injured by any breach of any of the conditions of this Bond in the penal sum of Two Hundred Sixty Thousand Three Hundred Thirty-Six and 00/100 DOLLARS ($260,336.00), lawful money of the United States, for the payment of which sum, well and truly to be made, we bind ourselves, our heirs, legal representatives and assigns, jointly or severally, firmly by these presents.

The conditions of the above obligations are such that whereas said Contractor entered into a contract with the "Jurisdiction", bearing date the 19th day of MARCH, 2013, (hereinafter the "Contract") wherein said Contractor undertakes and agrees to construct the following described improvements:

EAST PARKING RECONSTRUCTION
PENN CENTRAL MALL
OSKALOOSA, IOWA

and to faithfully perform all the terms and requirements of said Contract within the time therein specified, in a good and workmanlike manner, and in accordance with the Contract Documents. Provided, however, that one year after the date of acceptance as complete of the work under the above referenced Contract, the maintenance portion of this Bond shall continue in force but the penal sum for maintenance shall be reduced to the sum of Two Hundred Sixty Thousand Three Hundred Thirty-Six and 00/100 DOLLARS ($260,336.00), which is the cost associated with those items shown on the proposal and in the Contract which require a maintenance bond period in excess of one year.

It is expressly understood and agreed by the Contractor and Surety in this bond that the following provisions are a part of this Bond and are binding upon said Contractor and Surety, to-wit:

1. PERFORMANCE: The Contractor shall well and faithfully observe, perform, fulfill and abide by each and every covenant, condition and part of said Contract and Contract Documents, by reference made a part hereof, for the above referenced improvements, and shall indemnify and save harmless the "Jurisdiction" from all outlay and expense incurred by the "Jurisdiction" by reason of the Contractor's default of failure to perform as required. The Contractor shall also be responsible for the default or failure to perform as required under the Contract and Contract Documents by all its subcontractors, suppliers, agents, or employees furnishing materials or providing labor in the performance of the Contract.

2. PAYMENT: The Contractor and the Surety on this Bond are hereby agreed to pay all just claims submitted by persons, firms, subcontractors, and corporations furnishing materials for or performing labor in the performance of the Contract on account of which this Bond is

given, including but not limited to claims for all amounts due for labor, materials, lubricants, oil, gasoline, repairs on machinery, equipment and tools, consumed or used by the Contractor or any subcontractor, wherein the same are not satisfied out of the portion of the contract price which the 'Jurisdiction" is required to retain until completion of the improvement, but the Contractor and Surety shall not be liable to said persons, firms, or corporations unless the claims of said claimants against said portion of the contract price shall have been established as provided by law. The Contractor and Surety hereby bind themselves to the obligations and conditions set forth in Chapter 573, Code of Iowa, which by this reference is made a part hereof as though fully set out herein.

3. MAINTENANCE: The Contractor and the Surety on this Bond hereby agree, at their own expense:

   A. To remedy any and all defects that may develop in or result from work to be performed under the Contract within the period of two (2) years from the date of acceptance of the work under the Contract, by reason of defects in workmanship or materials used in construction of said work;

   B. To keep all work in continuous good repair; and

   C. To pay the "Jurisdiction" reasonable costs of monitoring and inspection to assure that any defects are remedied, and to repay the "Jurisdiction" all outlay and expense incurred as a result of Contractor's and Surety's failure to remedy any defect as required by this section.

Contractor's and Surety's agreement herein made extends to defects in workmanship or materials not discovered or known to the "Jurisdiction" at the time such work was accepted.

4. GENERAL: Every Surety on this Bond shall be deemed and held bound, any contract to the contrary notwithstanding, to the following provisions:

   A. To consent without notice to any extension of time to the Contractor in which to perform the Contract;

   B. To consent without notice to any change in the Contract or Contract Documents, which thereby increases the total contract price and the penal sum of this bond, provided that all such changes do not, in the aggregate, involve an increase of more than twenty percent of the total contract price, and that this bond shall then be released as to such excess increase; and

   C. To consent without notice that this Bond shall remain in full force and effect until the Contract is completed, whether completed within the specified contract period, within an extension thereof, or within a period of time after the contract period has elapsed and the liquidated damage penalty is being charged against the Contractor.

The Contractor and every Surety on the bond shall be deemed and held bound, any contract to the contrary notwithstanding, to the following provisions:

D. That no provision of this Bond or of any other contract shall be valid which limits to less that five years after the acceptance of the work under the Contract the right to sue on this Bond.

E. That as used herein, the phrase "all outlay and expense" is not to be limited in any way, but shall include the actual and reasonable costs and expenses incurred by the "Jurisdiction" including interest, benefits and overhead where applicable. Accordingly, "all outlay and expense" would include but not be limited to all contract or employee expense, all equipment usage or rental, materials, testing, outside experts, attorneys fees (including overhead expenses of the "Jurisdiction's" staff attorneys), and all costs and expenses of litigation as they are incurred by the "Jurisdiction". It is intended the Contractor and Surety will defend and indemnify the "Jurisdiction" on all claims made against the "Jurisdiction" on account of Contractor's failure to perform as required in the Contract and Contract Documents, that all agreements and promises set forth in the Contract and Contract Documents, in approved change orders, and in this Bond will be fulfilled, and that the "Jurisdiction" will be fully indemnified so that it will be put into the position it would have been in had the Contract been performed in the first instance as required.

In the event the "Jursidiction" incurs any "outlay and expense" in defending itself with respect to any claim as to which the Contractor or Surety should have provided the defense, or in the enforcement of the promises given by the Contractor in the Contract, Contract Documents, or approved change orders, or in the enforcement of the promises given by the Contractor and Surety in this Bond, the Contractor and Surety agree that they will make the "Jurisdiction" whole for all such outlay and expense, provided that the Surety's obligation under this bond shall not exceed 125% of the penal sum of this bond.

In the event that any actions or proceedings are initiated with respect to this Bond, the parties agree that the venue thereof shall be Mahaska County, State of Iowa. If legal action is required by the "Jurisdiction" to enforce the provisions of this Bond or to collect the monetary obligation incurring to the benefit of the "Jurisdiction", the Contractor and the Surety agree, jointly and severally, to pay the "Jurisdiction" all outlay and expense incurred therefor by the "Jurisdiction". All rights, powers, and remedies of the "Jurisdiction" hereunder shall be cumulative and not alternative and shall be in addition to Surety for any amount guaranteed hereunder whether action is brought against the Contractor or whether Contractor is joined in any such action or actions or not.

NOW THEREFORE, the condition of this obligation is such that if said Principal shall faithfully perform all the promises of the Principal, as set forth and provided in the Contract, in the Contract Documents, and in this Bond, then this obligation shall be null and void, otherwise it shall remain in full force and effect.

When a word, term, or phrase is used in this Bond, it shall be interpreted or construed first as defined in this Bond, the Contract, or the Contract Documents; second, if not defined in the Bond, Contract, or Contract Documents, it shall be interpreted or construed as defined in applicable provisions of the Iowa Code; third, if not defined in the Iowa Code, it shall be interpreted or construed according to its generally accepted meaning in the construction industry; and fourth, if it

has no generally accepted meaning in the construction industry, it shall be interpreted or construed according to its common or customary usage.

Failure to specify or particularize shall not exclude terms or provisions not mentioned and shall not limit liability hereunder. The Contract and Contract Documents are hereby made a part of this Bond.

Witness our hands, in triplicate, this 19th day of MARCH, 2013.
