Edmundson Pool Season Pass

FOR 2022: Due to limited staffing, Edmundson Pool will be closed Mondays during the season. Additionally, the capacity of our facility may be limited to 250 patrons within the fenced pool area due to available staffing and physical distancing within the pool. When that capacity is met, new patrons, including those with passes, may not be allowed to enter the facility until available capacity allows. Water slides and the diving board are subject to close at any time if certified staff is unavailable to cover the area. These limitations may be reviewed and revised by department staff if all applicable safety guidelines can be maintained. Please note: Children under 10 years old **MUST** be accompanied by an adult.

Family Season Pass Criteria: The City of Oskaloosa Family Pass includes five (5) people. Each person above five (5) is an additional \$20.00. **Family passes are immediate family only; does not include grandparents or babysitters/nannies. Children must be considered dependents under IRS standards. Everyone on the pass must be living in the household year round. NO EXCEPTIONS.** Children under two receive free admission and are not included on a family pass.
